**DETAILED ACTION**  
**EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

**In the Claims:**

This application is in condition for allowance except for the presence of claims 8, 9 directed to a species non-elected without traverse. Accordingly, claims 8, 9 have been cancelled.

**Comments:**

Non-elected claims 8, 9 were not rejoined to the elected species since independent claim 7, as amended, is no longer generic to the embodiment encompassed by claims 8 & 9 (i.e. the embodiment depicted by Fig. 4). It should be noted that amended claim 7 requires inter alia a "second dielectric layer" (i.e. 316) with a dielectric coefficient which is larger than a dielectric coefficient of the third dielectric layer (314) as depicted and described with respect to Fig. 3. However, the above limitation can not apply to the embodiment of Fig. 4 (i.e. which corresponds to the subject matter of claims 8, 9) since the dielectric layer corresponding to the "second dielectric layer" (i.e. 420) does not appear to be a dielectric layer with a dielectric coefficient which is larger than a dielectric coefficient of the dielectric layer corresponding to the "third dielectric layer" (i.e. 414). Since dependent claims (i.e. claims 8, 9) must incorporate by

reference features recited in the claims from which they depend, the dielectric coefficient of layer (420) in fig. 4 (i.e. corresponding to claims 8, 9) is inconsistent with and thus can not properly depend from the dielectric coefficient of layer (316) in fig. 3 (i.e. corresponding to independent claim 7). Thus for these reasons, independent claim 7 can not be considered generic to the embodiments of Figs. 3 & 4 and thus claims 8, 9 (i.e. corresponding to fig. 4) can not be properly rejoined with non-generic claim 7, and therefore have been canceled.
